- 3 residences are scheduled today for the residential air monitoring.
- EPA PIO provided a tour to a representative of the Natural Resource Defense Council (NRDC)
- An excavation and removal plan for the affected portion of the pipeline has been submitted for review by the U.S. Department of Transportation.
- Released two cleaned raccoons and 10 turtles into the Bell Slough State Wildlife Management Area adjacent to Mayflower; first release of wildlife since the March 29 incident.
- Tests on water samples continue to show the main body of Lake Conway is oil-free.
- There is a potential for severe weather tomorrow, which may hamper operations for part of the day.
- FPN Ceiling: \$ 350,000; approximate spent: \$ 148,500 (42%) (does not include EPA indirect cost)
- Approximately 28,022 bbl oil/water mixture collected to date; Approximately 680 total personnel on site
- Approximately 4,600 feet of hard boom and 30,637 feet of absorbent boom deployed to date.

Wildlife Impacts

Type	Captured	Cleaned	DOA	Died in Facility
Bird	22	13	23	2
Mammal	5	4	1	1
Reptile	67	1	1	44
Fish			7	2
Other	45	9	5	
Total	139	27	37	49

Faithfully yours,
